ADVICE.

Behave yourself, and, furthermore, try to be game, old scout! Don't act the fool and then get sore because you are found out.

LARGE CROWD

HEARD HON. EDWIN P. MORROW AT MT. OLIVET FRIDAY AFTERNOON.

Hon. Edwin P. Morrow, Republican candidate for Governor, who made such a brilliant address here Thursday night, and who left here Friday morning for Mt. Olivet, was greeted by an immense crowd at the Robertson capital.

This was Mr. Morrow's first appearance in this section as a political candidate, and his hearers gave him close attention, and it is certain that the time he spent in Mt. Olivet will bear fruit for the Republican ticket, as the brilliant speaker put forth one of his best efforts and let the voters of Robertson on the inside of a few facts hitherto unknown about their Democratic friends.

Mr. Morrow spoke at Cynthiana Friday night.

GRANTED WRIT OF ERROR.

In the case of I. M. Lane et al. vs. George M. Diener et al., the Court of Appeals granted a writ of error to the last named, and the case will be taken to the United States Supreme Court. The papers in the case must be filed with the clerk of the Supreme Court within thirty days after the mandate is issued. It is hardly probable that the case will be given a hearing inside of a year.

JUDGMENT REVERSED.

The Court of Appeals has reversed the judgment of the Mason Circuit Court in the case of Thomas L. Ewan & Company vs. Mrs. Sarah A. Power, for \$299.30, commission for the sale of a tract of land.

This decision was appealed by Mr. Ewan and the Court of Appeals has given peremptory instruction. Attorney J. M. Collins represented Mr. Ewan and Attorney W. H. Reese represented Mrs. Power.

REGISTER TUESDAY.

Tuesday is the regular registration day for voters at the coming November election, and it is hoped that not a single Republican will fail to take advantage of this registration.

The votes in the pony contest have not all been counted and the result will be announced Monday.

MASON CIRCUIT COURT

HOLDS BIG DAY FRIDAY, DISPOSING OF A LARGE NUMBER OF CASES.

In the Mason Circuit Court on Friday the following cases were disposed of:

Lee Price, petit larceny, \$50 and ten days in jail.

George Parker, who was charged with assault and battery, was acquitted.

Daniell Emmonds, charged with gambling, was handed \$25.

Ora Snyder, charged with stealing a skiff, to which he pleaded guilty, was given a year and a day in the penitentiary.

"Hoggy" John Lewis, charged with stealing chickens, was given thirty days in jail. John made a speech that would make W. J. Bryan look sick, and after the flow of eloquence the Judge gave him the above mentioned sentence.

Gibbons Gibbs, charged with running and operating a disorderly house, was given \$200 and costs.

Russell Turner, plead guilty of gambling and was handed \$25.

James Newkate, charged with shooting while in a heated passion, was given \$50.

Ross and Clarence Nicholson, charged with shooting while in a sudden and heated passion, were given \$50 each.

THOMAS DICKSON DIES FRIDAY EVENING.

Friday evening about 7:30 o'clock, Mr. Thomas Dickson, aged 63, died at his home on West Fourth street after a short illness of ten days. Mr. Dickson for years was a prominent farmer in the eastern end of this county, coming to this city several years ago, and engaging in the livery business, from which he retired a year ago.

He was a prominent member of the Christian church in Maysville, being an elder. Before moving from the farm, he was one of the leaders and officers in the Orangeburg Christian church, and for years past has been considered a staunch defender of the faith of that religious body.

He is survived by his wife, who was Sarah A. Collins, and seven children: Mrs. R. A. Roe, of Bowling Green, Ky.; Mrs. William H. Newell, of the county; Misses Jennie, Irene and Edith Dickson, and two sons, Cecil and Collins, and by his three brothers: D. E. Dickson, of Bowling Green, Ky.; J. J. Dickson, of New Richmond, O.; and A. C. Dickson, of Richmond, Ind., and one sister, Miss Jennie Dickson, of Cincinnati.

At the time of his death, Mr. Dickson was an elder in the Christian church of this city, having held the same office in the Orangeburg Christian church before coming to this city.

Funeral services will be conducted by Rev. A. F. Stahl at the late residence Sunday afternoon at 2 o'clock. Burial in the Maysville cemetery.

BIG REALTY DEAL

SALE OF OLD HALL PARK PROPERTY, MEANS MUCH TO EAST MAYSVILLE.

On Friday the Thomas L. Ewan & Company, real estate agents, consummated one of the largest realty deals that has taken place in this city.

Some time ago this firm took over the Sallee lots on East Second street. Friday, they sold the M. J. Donovan lots and the Sallee lots to the West Iros, Real Estate Company, of Louisville.

This tract of land extends from the Hall Park east on Second street to Prospect, thence south to Forest avenue, comprising some sixty lots. It will be known as the Second street and Forest avenue addition.

It has the advantage of street car service, sewer and railroad.

It is to be platted immediately, and will have one street running north and south from Second to Forest avenue.

Mr. J. C. West, of the West Iros, Company, will remain and see to the platting. They expect to have an auction on October 19. If you are thinking of buying a lot for a residence, now is your time to secure one of these beautiful lots. Go, see and pick out your lot, and when the day of sale comes, you will know at once what you want. No time like the present to secure one of these lots.

NIGHT SCHOOL BOARD TAKES ACTION AT ITS MEETING.

The committee appointed by the Board of Education at its meeting Thursday night, consisting of Messrs. Key, Miles, Gelsel and Browning, met in the Superintendent's office at 1:30 o'clock Friday, and after discussing various plans, decided to call a meeting in the auditorium Monday night at 7 o'clock, of all those interested in taking a course in the night school, that we may more intelligently know the demands for the school and the courses that they desire.

The Board is unanimous in offering free to all of its building apparatus, etc., and, not having the funds to pay the instructional staff, a nominal fee will have to be charged to meet the expenses of the instruction.

If there is sufficient demand, courses will be offered in stenography, book-keeping, business spelling and penmanship, business arithmetic and business English.

Let every one that is interested at all, or who thinks that he may be, come to this meeting, as this is the time set for determining the demands for a night school, and should there not be sufficient demands to justify its inauguration, the matter is absolutely going to be dropped, as we do not propose to canvass the streets to ascertain the desire for night instruction.

HIGH SCHOOL LITERARY SOCIETIES MEET AND ELECT OFFICERS.

Friday afternoon the Athenaeum and Adelphe Literary Societies of the Maysville High School met and elected officers for the ensuing year. Those elected to pilot the Athenaeums were:

President—Henry Shea.

Vice President—Edward Parker.

Secretary—Mary Dewees Foynitz.

Treasurer—Georgia Hicks.

The Adelphe elected the following: President—George Burrows.

Vice President—Gordon Smoot.

Treasurer—Dorothy Hockaday.

Secretary—Elizabeth Calvert.

This year's programs promise to be the best ever held since the organization of the two societies seven years ago. Announcement of the various programs of the year will be seen in the columns of The Ledger.

SOCCER FOOTBALL GAME DELAYED ON ACCOUNT OF WEATHER.

The soccer football game between the senior and junior classes of the Maysville High School scheduled for Friday afternoon, was delayed on account of inclement weather, and will be played off at another date in the near future. Monday afternoon the fast teams of the freshmen and seniors will meet and a real game is expected, as the seniors have not lost a game, while the freshmen's slate is also clean. The games are free and a large crowd should be present to see the new sport.

BIGAMIST WITNESS.

Hon. W. H. Rice is in Nicholas county this week before the grand jury of that county as a witness in a bigamy case. The Judge married a man from Nicholas county a few days ago, and it was found that he already had a better half.

MRS. WILLIAM MITCHELL.

Mrs. William Mitchell, aged 28, passed away at her home on East Fourth street Friday afternoon after a short illness. She is survived by her husband and one son. Funeral arrangements have not yet been announced.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.

This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

STRICKEN WITH APOPLEXY

CAPTAIN WILLIAM WOOD, OLD RESIDENT OF THIS CITY, DIES FRIDAY AFTERNOON A FEW HOURS AFTER SHOCK.

Friday afternoon about 1 o'clock, Captain William Wood, an old resident of this city, while on the way from his residence to his grocery store on Forest avenue, was stricken with apoplexy and fell to the ground a few feet from his place of business.

He was removed to his home in Eastland, and Dr. W. S. Yazell summoned, but the shock was too much for him and he passed away Friday night about 10 o'clock. He is survived by his wife, five sons, Marion Wood, Henry Wood, Stanley Wood and John Wood, all of this city, and James Wood, of Cincinnati. Two daughters, Mrs. John Fausler and Mrs. Nelson Bratton, of this city, also survive. The funeral arrangements have not yet been announced.

MISS MINNIE SPROMBERG, of Commerce street, and her aunt, Mrs. Marshall Creechbaum, of Ripley, O., are attending the funeral of Mr. Fred Roser, of Lexington.

Friday night was the regular meeting night of the Washington Fire Company, but owing to the inclement weather, a quorum was not present and the meeting was postponed. Some talk of changing the meeting night from the first Friday of the month to another date is rife, and no doubt this will be done, as it is difficult for the officers to hand in their reports on the first Friday of the month.

SYNOD OF KENTUCKY

OF THE SOUTHERN PRESBYTERIAN CHURCH TO MEET AT RICHMOND OCTOBER 12 TO 14.

The Synod of Kentucky, of the Southern Presbyterian church, which comprises all the churches of the denomination in the state of Kentucky, will hold its annual meeting at Richmond, Ky., October 12 to 14. Plans were made last year to hold the synod this fall at Hopkinsville, but this church was without a pastor, and it was necessary to change the place of meeting. The synod now has a membership of more than 23,000, with 170 churches and 123 ministers. The retiring moderator this year is the Rev. Cary F. Moore, pastor of the church at Cynthiana. Rev. Dr. David M. Sweet, of Louisville, is the stated clerk.

The Central Presbyterian church, of this city, of which Rev. R. L. Beem is pastor, is a member of this synod.

NEW ROAD MACHINERY.

Fleming county is to have up-to-date road machinery. The Fiscal Court has placed an order for a steam roller to cost \$2,185, a sprinkler at \$150, and a plow to cost \$30. The power of the steam roller can be used to run the rock crusher which they already have, so that they are now equipped to build the model road to Poplar Plains. Editor Duley says there is no more reason for the county using antiquated methods for road building than there would be for a farmer to go to work and cut his wheat with an old-fashioned sickle simply because his grandfather did it that way.

REMARKABLE BROOD MAIE RECORD.

James H. Soulesley, of Tilton, has a draft mare with a remarkable record. She is eleven years old and has borne mule colts which sold as weanlings for the following prices: In 1908, \$100; 1909, \$80; 1910, \$127.50; 1911, \$80; 1912, \$101; 1913, \$70; 1914, \$110; 1915, \$100, making a total of \$769.50 for the eight years. If any one has a mule mare to beat this one, tell us about it.—Flemingsburg Times-Democrat.

HER FIRST RIDE.

On Tuesday at 8:40, Mrs. Lizzie Walton, widow of the late President Walton, got on the train with her daughter, Mrs. Charles C. Maxey, to ride out to Rawlings Crossing to spend the day with the family of her nephew, T. B. Rawlings, it being her first ride on a railroad, though now 79 years of age and having lived within hearing of a railroad for thirty-eight years.—Flemingsburg Times-Democrat.

Lieutenant Ben Chamberlain, of Troop B, O. N. G., shot and killed himself last Thursday at Los Angeles, Cal. Failing eyesight was given as the cause for his rash act. He will be remembered here as one of the guards in Brown county, O., during the night-fighter troubles several years ago.

IS IT GOOD

TO BURDEN THE CHILD WITH SCHOOL STUDIES AT THE EXPENSE OF ITS PHYSICAL DEVELOPMENT?

[Georgetown (O.) Gazette.]

That a public school teacher has many vexations and annoyances that do not come to the individual engaged in other lines of work is common knowledge. Therefore it would be cruel to say or do anything that would add to the burdens of the pedagogues. But in all kindness let us consider a matter that has to do with pupils in the public schools. The one object and purpose of such schools is the development of the youth, not only mentally, but physically and morally as well, so that they may become useful, self-supporting citizens. Experience has shown that such development paid for with public funds is, in the long run, economy. The public, then, is interested in the education of any child only insofar as such education will lessen the chances of such child becoming a burden or a menace to society. The development of the mental faculties at the expense or neglect of the physical, increases the chances of the child becoming a burden to society, for without a strong body a youth enters maturity terribly handicapped.

For a child to have and keep a strong, healthy body is, then, a important and probably more important than for it to have and maintain a strong, healthy mental organism. To have either a strong physique or a strong intellect certain things are essential. Among these essentials are proper food and clothing, recreation and exercise under proper conditions, and rest and sleep. The development of both the physical and mental powers of a child can be retarded by overwork and worry. A child who attends school from 8:30 in the morning until 4 in the afternoon, if properly tutored, has done mental drudgery enough for that day, and to compel such a child to prepare long lessons at night is little short of a crime. The child that attends school during the day and studies until a late hour at night, unless nature has endowed such child with extraordinary strength, both physical and mental, is at a wonderful disadvantage as compared with the child that is treated more humanely. No great wisdom is necessary to enable one to recognize the truth of this statement that "all work and no play makes Jack a dull boy." And dull boys are just what we do not want.

Teachers, in the name of common sense, in the name of humanity and in the name of Him Who loved children, do not, in your eagerness to serve those under your charge and control, lay burdens on their little shoulders that will crush them and send them out on the sea of life in a bark unable to weather the storms that are certain to rise.

CAN'T BE SOCIABLE.

In view of the provisions of Section 745 of the Postal Laws and Regulations, rural mail carriers are not permitted to allow members of their families or connections or friends to accompany them while on duty. We are giving this prominence in order that the people may understand and not become offended when the carriers refuse to give them a ride while making their regular trips.

REMOVE THE WIRE.

In front of several residences on Third street we notice pieces of wire netting hanging on sticks. This is very dangerous to the clothes of pedestrians and should be removed. Several torn frocks have been reported as the result of the dangling wire.

HERE'S HOPING IT, TOO.

In their efforts to put the diphtheria epidemic out of business, it is to be hoped, in the interest of humanity in general and the typesetter in particular, the County Board will knock the "h" out of the blasted thing.—Cynthiana Mercury.

GONE TO 'FRISCO.

MAGISTRATE'S COURT.

Squire Fred W. Bauer had Florence Moorehead before him Thursday on the charge of being drunk and disorderly and using vulgar language. Florence received \$6.50 as a penalty.

Mrs. Murray Hubbard of Ft. Thomas, well known as an advocate of mothers' clubs, will be a speaker before the clubs of Abland, probably October 22, at the Means school building. The meeting will be held in the afternoon. At night Mrs. Hubbard is expected to appear at Catlettsburg.

Mr. Newt Bradford, wife and son, James, are spending this week at Fairmount with relatives and taking in the world's fair at that place.

AT CYNTHIANA

WILL BE HELD THE MEETING OF THE NINTH DISTRICT EDUCATIONAL ASSOCIATION THIS MONTH.

(Cynthiana Democrat.)

The largest, most interesting and most important educational meeting, except state and national gatherings in large cities, will be held in Cynthiana October 28, 29 and 30. It is known as the Ninth Congressional District Educational Association, which is composed of nineteen counties. It is the largest in the state and covers a territory of enthusiastic school people nowhere exceeded in the state. We may safely and surely expect even greater attendance than at former late great meetings at Carlisle, Maysville, Mt. Sterling and other points.

Hundreds of schools will close during the meetings and hundreds of school teachers and other professional school men and women, including supervisors and trustees, will attend. A strong program is being prepared, in which prominent and able speakers of this and other states will take part.

While hauling tobacco last Friday, Walter L. Powers, of Fernleaf, met with a severe and most painful accident. He was on top of a wagon loaded with tobacco and in crossing a rully the wagon overturned. Mr. Powers jumped, and in falling broke two of his ribs and cut a long gash over his right eye.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mr. Alry, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, dizziness, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

A FINE MISSIONARY TALK.

On Thursday afternoon, at the First Presbyterian church, Mrs. Fred Hope, a returned missionary from Bulu land, Africa, gave an excellent talk.

The weather was inclement, but the audience was well repaid for coming out. She said their parish had 100,000 people. They are wonderful imitators, rapidly taking up the white man's ways. Her chief point in her address, a woman talking to women, was the "Home Life," or rather the absence of the "Home Life," but the industrial town around the industrial school started by Rev. Hope, had developed a new "Home Life." A woman has the value of \$75 to \$100 in our money, and the more wives a man has in Bulu land the wealthier he is. The women are used as articles of trade. The bright side, however, is that our home life is permeating the Bulu life. Mrs. Hope's message was full of good things accomplished before the war. Bulu is a German province on the west coast of Africa. Mr. and Mrs. Hope expect to return to their work after the war.

THE PROPER WAY

TO ADVERTISE FOR A COOK WAS GIVEN OUT SEVERAL YEARS AGO.

Some of Mayville's good housewives who find it difficult to secure a good cook through the classified columns of the newspapers do not write their wants the proper way. In this connection we want to submit as a result-pulling sample an advertisement that the late Emmett Logan, of the Louisville Times, inserted after he had quit the newspaper game and removed to the farm, which brought him what he advertised for: "Wanted—An old nigger cook for a farm. No milkkin. No washin'. Nothin' but cookin', eatin' and sleepin'."

NEW POINT OF LAW.

A suit which hinges on a new point of law, and is interesting in spite of its nature, is in a Louisville court. A man died from eating oysters which were not fresh and his wife sued to secure an accidental policy of \$5,000 on his life. The ground for the claim is that the man died as an accidental result from eating the spoiled oysters, and herein lies the new point of the law. The contention is made that if the man had known the oysters were spoiled he would not have eaten them, hence it was an accident he ate them and from the illness created died. It is a new point in law and the result of the suit will be watched with interest.—Paducah News-Democrat.

The Sheriff of Bracken county arrested a man the other day just for indulging in the pleasant pastime of using a corn-knife to induce his wife to go home.

FLEMING COURT DAY

THE BIGGEST HELD THERE IN MANY YEARS, WITH LOTS OF STOCK ON SALE.

(Flemingsburg Times-Democrat.) Monday was the biggest Court Day for stock sales Flemingsburg has had in many years. There were 1,500 to 1,700 cattle on the market and all sold but perhaps 500. The market was perhaps 25 to 50 cents per 100 off from August Court, making the market a little slow.

Horses were in some demand and a good many army horses were sold at about \$100 average. James Keru, of Cincinnati, buying twenty-four; Lou Christman, of Rocky Mount, N. C., nine, and Turner Wilmore, of Lexington, two. Local buyers also took some.

There was very little done in aged mules, buyers and sellers differing in their estimates of value. There was a heavy run on mule colts, but prices were low. We have no accurate information of the number sold, but one buyer from Elliott county drove home fifty-four head and some West Virginia parties took a big lot. Prices ranged from \$20 to about \$55, not many selling above the latter figure, though a few extra mare mules went up in the sale. A good many were taken home, the owners being unwilling to let them go at that price. A few sheep were on the market, but not enough to amount to much.

NINE BABIES IN TWO YEARS.

About fifteen months ago a Mrs. Drury, of Spencer county, gave birth to five children, three of whom are still living and healthy. Two weeks ago she presented her husband with four more little wee darlings—making nine children she has had in less than two years. This is a little ahead of anything we have heard of before and proves that while Spencer county may not be as productive agriculturally as some other counties, she certainly can not be headed when it comes to raising children.—Frankfort Courier.

WHO DROVE SHEEP

FROM THE HILLS?

FREE WOOL IN 1894 CAUSED THEM TO BE SOLD AS MUTTON AT \$1 A HEAD.

(Connellsville (Pa.) Courier.)

The Courier recently referred to the superior character of the wool grown in Washington and Greene counties, and incidentally suggested that a restoration of Republican rule and Republican tariff policy would do much to restore to its pristine glory the wool industry of those counties. This brought forth the following characteristic outburst from the Uniontown New Freedom Standard:

"More buncombe! Who drove the sheep from the hills of Greene county? Weren't they driven during the twenty years the Republican party had undisputed sway? Didn't the wool industry in Greene county steadily decline during the days of the McKinley, the Dingley and the Aldrich-Payne tariff acts, all of them Republican? Isn't it a notable fact that during the last two years wool has brought the highest prices in twenty years? Ask any wool grower in Greene county."

"The only use the Republican party has for wool is to pull it over the eyes of the American people."

The new Democratic editor of the new Democratic organ is either badly advised or reckless of the truth. The Democrats of Greene county can tell him better. People who have resided in this section for twenty-five years, especially those interested in sheep raising, remember very distinctly "who drove the sheep from the hills of Greene county." Prior to the passage of the Democratic tariff bill known as the Wilson bill, in 1893, the rich hills and fertile valleys of Greene county were everywhere dotted with sheep, but by 1896 the flocks had practically disappeared. Sheep were sold for mutton at 50 cents to \$1 per head. Free wool made wool-growing in Green and Washington counties unprofitable.

The Dingley tariff bill of 1897 restored the duty on wool, and the farmers of Greene and Washington counties sent to other sections of the country for fine sheep and sought to recolonize the wool industry, but it was at least ten years before it was firmly established again. In fact, this section has never fully recovered from the almost complete destruction of the wool-growing industry under the operation of a Democratic tariff from 1893 to 1896.

It is true that wool is selling higher this year than last, but this is due to four principal reasons:

1. There are less sheep in Greene and Washington counties, and in the United States, than for several years. The last decrease in numbers was due to the anticipation of free wool under the Underwood bill.

2. The wool growers of Australia and New Zealand, whence much of the wool used in this country is imported, have lost thousands of their sheep by disease, thus lowering their exports of wool and increasing its price in this country.

3. England controls the wool market of Australia and New Zealand, and just now demand the wool produced there.

4. Wool is being bought today on a speculative basis which tends to advance its price.

England has laid an embargo on certain kinds of wool. Should the war now raging in Europe come to a sudden close the bottom would drop out of the American wool market. We import a pound of wool for every pound we raise, and when we can not get that pound from abroad the price of the pound we have raised goes up regardless of any tariff, but the sure test of the American tariff policy comes when sheep are being raised extensively in this country and when Australia and New Zealand are producing their maximum amount of wool with ordinary freedom of market.

It is evident that the Everett Union of the Uniontown New Freedom Standard knows more about buncombe than he does about wool.

Mrs. Elizabeth Taylor, widow of the late Samuel Taylor, celebrated her sixty-eighth birthday at the old Taylor homestead, Foster, Bracken county, Saturday, and more than 250 Taylors and their relatives assembled at this good lady's home with well filled baskets and enjoyed the day in discussing old times. A bounteous dinner was spread in the yard and after all had partaken heartily enough was left to feed more than 100 more. Four generations were represented at this reunion.

Last Sunday a party of tourists—there being twelve machines and eighty-seven persons—took Ripley by surprise, and one of the hotels there had the time of its existence in feeding them.

DECLINE OF THE MASSACHUSETTS PROGRESSIVES.

(From the New York Times.) A candidate for state office in Massachusetts must get 250 signatures in at least four counties or his name will not be put on the official ballot and only the poor consolation of the "sticker" or "paster" remains with him.

From the office of the Secretary of the Commonwealth comes news, chilling to the bosoms of the too few surviving ardent Progressives. Only Nelson B. Clark, Progressive candidate for Governor, got signatures enough. The five Progressive candidates for the five other state offices failed by about fifty votes. William Shaw, prohibition candidate for Governor, yearned for the Progressive nomination, too. With industry he collected 24 names.

In 1912 Mr. Roosevelt had 142,238 Massachusetts supporters at the polls. Charles Sumner Bird, candidate for Governor, the cheeriest, loudest and one of the most overhyped of Progressives, had 122,603. In 1913 Mr. Bird got 127,755 votes, beating the Republican candidate, Representative Augustus P. Gardner, by more than 12,000. Mr. Bird knows when to stop.

In 1914 Joe Walker, inheritor of the Progressive mantle, had 32,145 votes, and Samuel Walker McCall, Republican, 198,267; Walsh, Democrat, winning as usual. In 1915—but why go on? These dwindlings, these poor ashes of the Bay state sacred fire, move to sympathy, to pity.

Massachusetts, God forgive her, she's a-turnin' with the rest.

Er you're huntin' for Progressives, you must first outbloom the West.

Thursday afternoon, County Clerk James J. Owens granted a marriage license to William H. Collins, aged 49, of Carlisle, and Ella Dickson, aged 49, of Hill Top, Fleming county. They were married in the office of the clerk by Rev. H. B. Wilhoite, of the Baptist church.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Maysville

Because it's the evidence of a Maysville citizen.

Testimony easily investigated. The strongest endorsement of merit. The best proof. Read it:

Mrs. Della Luneford, 328 E. Front St., Maysville, says: "I attribute kidney trouble to a strain. I had sharp, shooting pains through my kidneys and a dragging-down feeling through my hips. I had dull headaches and dizzy spells and often if I had not caught hold of something for support, I would have fallen. I was in that condition for several years, up one week and in bed the next. I finally began to notice symptoms of dropsy. My feet began to swell and my hands were at times the same way. Finally, I used Doan's Kidney Pills and they cured me."

OVER THREE YEARS LATER Mrs. Luneford said: "Doan's Kidney Pills completely and permanently cured me and I am glad to confirm all I said in their praise before."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Luneford has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Beware of Ointments For Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. SIR WILLIAM CROOKES CONFERS A BLESSING ON MANKIND

Mr. E. T. Kirker, of Ripley, placed forty gallons of fish-bass and croppies—in Eagle creek last week, making 120 gallons in all that he has placed in that creek.

Can you imagine a pair of glasses with little or no perceptible tint or color that will absolutely protect your eyes from glare and strain?

May we explain more fully about the new Sir William Crookes lenses that can be made for you regardless of your prescription?

J. A. SIMPSON,

In more ways than one. His discoveries made X-Ray science possible, but his research for and discovery of a new glass for spectacles and eyeglasses will have a more wonderful and more far-reaching effect.

School Days

Now that school has begun the boys will need new suits and other wearing apparel.

We are showing a line of school suits for boys between the ages of four and sixteen that is a dandy. These extra good boys' suits are thoroughly guaranteed and when we get one on a boy it means a permanently satisfied customer. We are offering them to you at from \$2.50 to \$7 and for the price paid they are the best that can be had anywhere.

We have a few boys' shirts which we will sell to the first comers at 15c or two for 25c. Nothing wrong with these but only have a few of a lot left and want to close them out.

Remember, that this is the place where you get votes on the pony outfit.

SISTER: Read my FREE Offer!

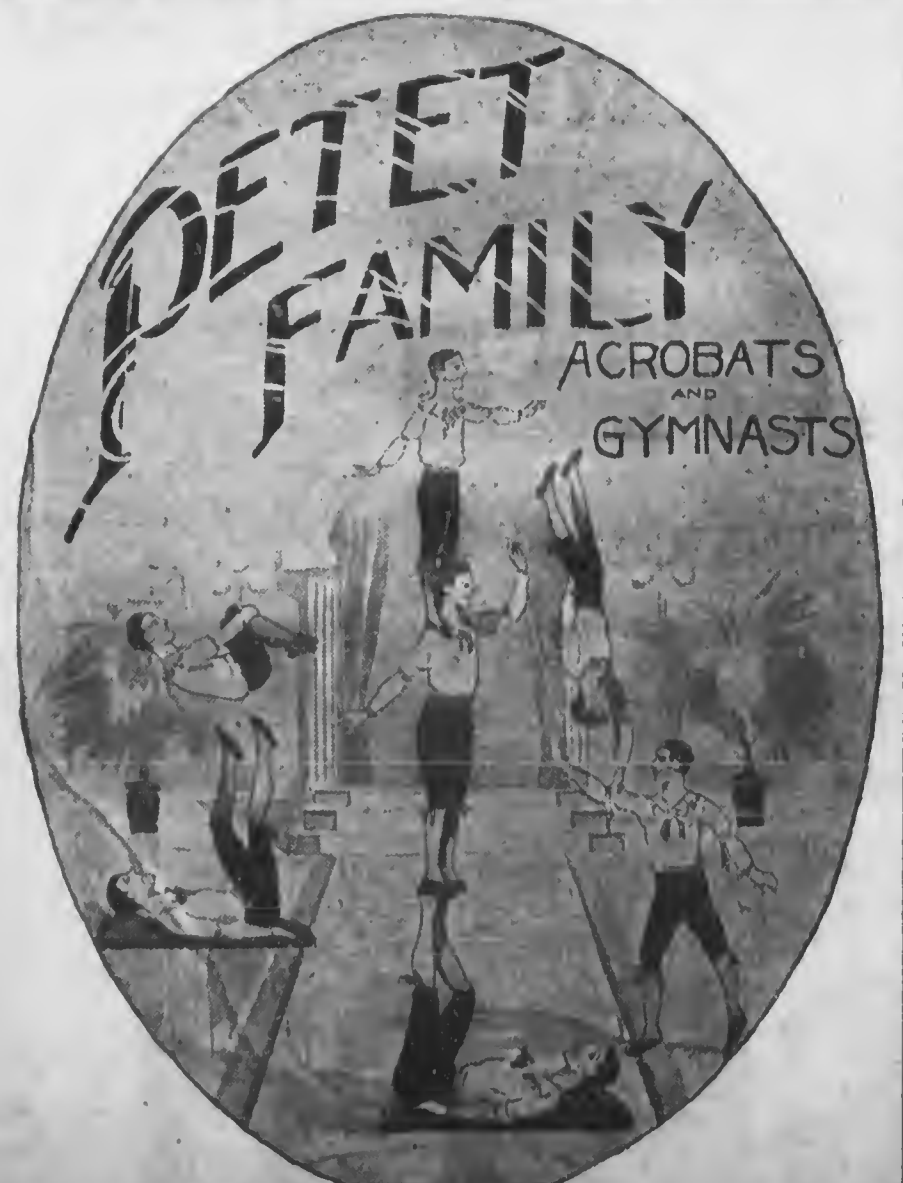

I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of ill-health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week.

If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, feeling of weight and dragging-down sensation, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling along the spine, palpitation, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home without the dangers and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my home treatment a ten day trial, and does not interfere with daily work. If health is worth seeking for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." I will send all in plain wrappers post-paid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address,

MRS. M. SUMMERS, Box H, SOUTH BEND, IND.

DOMESTIC SCIENCE IN COLORED SCHOOL (1)

At Thursday night's meeting the School Board arranged to employ a teacher to give instruction in domestic science in our school for a limited time each day, provided we solicited enough money to install a domestic science apparatus or equipment. We consider this an extremely fine and fair proposition and opportunity.

A domestic science equipment includes the installation of gas and gas stove, the installation of water and a sink, as well as the need of cooking utensils. It takes exactly \$75 to accomplish all of this. Hence we will have to ask the good and generous white people of this city for this sum, \$75. What domestic science in the colored schools of this city will mean to the white people in the form of plenty and better cooks to the city in better colored girls, to the colored homes in industrious and useful daughters and to the girls themselves in making life worth living—the future itself can only show.

Please help us raise this \$75. The good white people have already given \$22 of it. If you request it your name shall not be mentioned, but a final statement of the amount solicited will be published over the signature of a member of the School Board. Sincerely, W. H. HUMPHREY, Box 265.

L. M. COLLIS FOR SENATOR.

At Frankfort on Wednesday the name of L. M. Collis, of Orangeburg, this county, was ordered placed on the official ballot for State Senator from this Senatorial District, composed of Lewis and Mason counties, as an independent candidate.

His name was placed on the ballot by petition, he having received a sufficient number of signatures for that purpose. "Squire Collis is a clever gentleman and will have the support of a number of Mason county's good citizens."

GUESS THEY FORGOT TO COME TO WORK.

Friday passed and not a sign of a workman on the repair work of the Limestone bridge. Wonder if the contractors think that the people of East Maysville are soft enough to stand for the delay much longer? In any other city but Maysville the bridge would have been fixed in from three to four days.

GIVE GOOD GIRLS AND BOYS A HALF-HOLIDAY.

Friday afternoon the pupils of the Maysville High School were given a half-holiday. That is, the boys and girls who did not have five demerits against them during the last month. Almost every student was freed for the afternoon, showing the fine conduct of the student body of the M. H. S. off in good colors.

AFTER COUNCIL HONORS

SEVERAL HAVE ANNOUNCED WILLINGNESS TO SERVE THE PEOPLE BESIDES THE PRESENT MEMBERS—OTHERS NEED COAXING.

The time is rapidly drawing near when those who intend to serve the city as their Councilmen will have to announce themselves or pass over for the next two years. In every Ward in the city there are one or two new candidates for the very lucrative (?) position of Councilman, besides the present incumbents, all of whom are candidates for re-election, so far as The Ledger knows.

Below we give a list of those from the different Wards, who have either or are willing to "throw their hats into the ring."

First Ward—Oliver Greenlee and James E. Cullen, present incumbents, and Fred Thomas and Henry R. Childs.

Second Ward—Frank Hendrickson and Jeff Easton, present incumbents, and W. R. Smith, Horatio Flecklin, Andrew Clooney and Dr. J. A. Dodson.

Third Ward—Thomas A. Keith and J. C. Everett, present incumbents, and Thomas M. Russell, Frank Devine and J. C. Cabbish.

Fourth Ward—Patrick Gantley and W. C. Watkins, present incumbents, and John T. Short, W. T. Cummins and Patrick O'Neal.

Fifth Ward—George C. Fleming and George Crowell, present incumbents, and J. B. Orr, Jr., E. L. Manchester and R. M. Harrison.

Sixth Ward—Sherman Arn and Godfrey Hunsicker, present incumbents, and Charles Conrad, Hall Strode and John Fansler.

We already know the present incumbents, except "Billie" Watkins and among the names mentioned there is more good material for city representatives. Any of them will do.

FIRST 1915 TOBACCO.

The Frank Owens Hardware Company has on exhibition in their east window of the store the first hand of cured 1915 tobacco that we have seen. The hand is of the finest cigarette grade and was grown by Mr. Alex Kilgore, of near Minerva. The weed has attracted much attention.

BUILDING MAUSOLEUM.

Murray & Thomas, the West Second street marble dealers, have secured a contract from Mr. C. L. Green, of the Minerva neighborhood, for the erection of a six-sided mausoleum on his family lot in the Maysville cemetery. The structure will be of marble.

Postmaster Sims and Miss Kittle McDowell, who have taught for a period of twenty years in the common schools of Robertson county, have been granted life diplomas by the State Board of Education to teach in the common schools of the state.

Mr. Wiley McGloach, of Washington, left Thursday afternoon for Pittsburg, where he has secured a lucrative position with a firm in that city.

The Cowan Regulars and Maysville White Sox will play tomorrow at the park in this city.

Mr. and Mrs. H. S. Claypoole, of Mt. Olivet, were here Friday on business.

OUR COLORED CITIZENS

The Men's Club will meet to elect officers Sunday at 3 p. m., at Scott's M. E. church. All men are cordially invited to attend. Come and bring one.

Mrs. Ben Curry and daughter, Florence, and Mrs. Carrie Scott spent the day Thursday in Ripley, O., with relatives and friends.
